

Dr. Ali Sobhani Nasab (PhD)

Assistant Professor of Medical Nanotechnology

ORCID ID: <https://orcid.org/0000-0002-4605-1861>

E-mail: ali.sobhaninasab@gmail.com

TEL: **09137290874**

Dr. Ali Sobhani-nasab is an Assistant Professor at the Department of Physiology, Institute for Basic Sciences, Kashan University of Medical Sciences, Kashan, Iran. He obtained a Ph.D. in nanochemistry at the University of Kashan in 2019. He has published more than 100 scientific articles and reviews in international journals. His research work has focused on the design and construction of new electrochemical and optical sensors for different species. Dr. Sobhani-nasab has huge experience in nanocomposite and examining drug delivery, anti-cancer, anti-bacterial, and bioimaging potency of nanoparticles.

دکتر علی سبحانی نسب

فارغ التحصیل دکترای تخصصی (PhD) نانو تکنولوژی پزشکی

مهارت های حرفه ای

۱. سنتز انواع نانوذره و نانوکامپوزیت
۲. کروماتوگرافی مایع با عملکرد بالا

علايق تحقیقاتی

۱. Nanosensors and biosensors
۲. Nanomedicine
۳. Nanomaterials
